

## MARKETPLACE RESEARCH INTERNSHIP

---

*Smart Brands Laboratory, Vilnius*

At Smart Brands Laboratory we're developing a direct-to-consumer brand growth model that scales them through a series of improvement methodologies in branding, multichannel sales, sourcing, and digital marketing efforts.

Join us for an internship and get a hands-on experience in a variety of challenges.

### **As a Marketplace Research Intern, you will:**

- Research potential product niches in United States and European markets;
- Perform in-depth qualitative and quantitative analysis of a niche;
- Draw conclusions and provide recommendations.

### **We are looking for:**

- Curiosity and desire to learn;
- Analytical thinking;
- Good English skills.

### **We offer:**

- Possibility to learn about e-commerce business;
- Exposure to e-commerce markets in United States and Europe;
- Flexible working hours;
- Open minded atmosphere;
- Career opportunities after the internship.

**Sound like you? Apply today!** Feel free to send your CV or a link to your LinkedIn profile to [hr@smartbrandslaboratory.com](mailto:hr@smartbrandslaboratory.com). Subject line: Marketplace Research Internship.
