

OFF-SITE SEO INTERNSHIP

Smart Brands Laboratory, Vilnius

At Smart Brands Laboratory we're developing a direct-to-consumer brand growth model that scales them through a series of improvement methodologies in branding, multichannel sales, sourcing, and digital marketing efforts.

Join us for an internship and get a hands-on experience in a variety of challenges.

As an Off-site SEO intern, you will:

- Search for opportunities to establish relationships with publishers and webmasters for link building efforts.
- Qualify and segment opportunities for personalized outreach campaigns.
- Pitch, negotiate, and close win-win value propositions with publishers and webmasters.
- Explore SEO tactics and methods to find better opportunities and increase success rates.

We are looking for:

- An interest in learning about off-site SEO;
- Goal-oriented mindset;
- Good communication and interpersonal skills;
- Ability to manage multiple tasks simultaneously and independently;
- Excellent English skills.

We offer:

- Hands-on work experience;
- Result-based compensation;
- Open minded atmosphere;
- Flexible working hours;
- Career opportunities after the internship.
