

Whether you've always been passionate about technology or just discovered IT, your career path can start here at Companial.

Companial Academy is an intensive, free of charge one-month program that will help to raise your IT knowledge to a new level while learning from the best Microsoft Dynamics experts.

Our Companial Academy will boost you in the Business Central customization and development practice. A real-world implementation scenario leads your learning journey and keeps you aligned with the customization practice. This program includes everything you need to jumpstart a development career in Business Central as a modern cloud solution developer.

Take an advantage of the knowledge you'll gain during the academy and use all the opportunities to work with complex web solutions and communicate with our Partners all around the world.

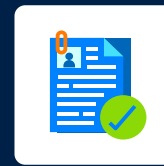

Companial Academy – what's in it?

Monthly salary starting from 1300 Eur (gross)

100% expert trainers

Full-time employment contract

We encourage you to apply if:

- You have knowledge of at least one programming language
- You are familiar with object-oriented programming
- You can speak and write English with no trouble
- You are motivated to learn and grow
- You can work for minimum 30 hours per week
- You are available to start on January 16th, 2023

If you believe that you meet the criteria above, please contact us as soon as possible. Send your CV and a short motivational letter to vaida.fabijanske@companial.com. All applications will be treated confidentially. Do not hesitate to contact us if you have any questions.
