Join the CyberCare team as a Customer Success Manager! 🚀✨

Here, you don't have to choose between starting your career or your studies - you can take it all by choosing from day, evening and night shifts.

👉 **What we are looking for:**

Excellent English skills;
Ability to provide technical support and handle multiple tasks simultaneously;
Eagerness to never stop learning and adapt fast;
Customer-first mindset while making decisions even in stressful situations;

👉 **What we are offering:**

Confident first steps through onboarding, mentorship programs, and expert guidance every step of the way;
Top-notch technologies and tools to work on world-renowned products;
Full guidance and support on your professional growth opportunities inside CyberCare.
Health insurance and a range of other perks - take it all,
we don't mind!
