

## Junior .NET developer

NRD Companies ([www.nrd.no](http://www.nrd.no)) – global information technology and consulting group of companies specialized in governance and economic digital infrastructure development for Governments, Registries, Tax Administrations, Financial Institutions, Retailers and National Postal Services – is looking for a **Junior .NET developer!**

## Global Footprint

### ABOUT THE JOB:

As a junior .NET developer you will have a chance to develop and maintain innovative solutions required either for governance and economic digital infrastructure development or demanding local and international retail businesses. You will get freedom and support to ensure high quality code and product stability for our customers.

### WHAT YOU WILL DO:

- You will be responsible for developing and implementing enterprise software solutions;
- Perform code reviews and software support to get the best results from your projects;
- You will also ensure analysis and design support at all stages of software development, offering and ensuring the most efficient solutions;

**NRD Companies**

NEW CHAPTER. BETTER.

### **WE ARE WORKING WITH:**

- Development of .NET applications;
- Microsoft technologies: .NET, ASP.NET MVC, ASP.NET Web API, WCF, SQL Server database;
