

Logistics internship

Discover logistics up close – learn, explore, contribute

Studying and curious about how logistics works in practice? Join NUNNER LOGISTICS, an international logistics company. Learn from experienced colleagues, take part in daily team activities and put your studies into practice.

What you can expect

Real tasks – Explore daily logistics operations, real projects and their challenges. Work with the team to find solutions.

Support from the team – Colleagues will share their experience, answer your questions and help you understand your tasks. Asking questions is part of learning here.

Skills you can use – Develop your communication and teamwork skills and put your foreign language knowledge into practice.

An internship that fits your studies – Your internship dates, duration and schedule can be arranged around your academic timetable.

We would like to meet you if

- › You are studying logistics, business management, transport engineering or a related subject.
- › You are curious about logistics, eager to learn and ready to get involved in the team.

Let us start with a conversation

Email us your CV or a short introduction. Tell us what you study, what interests you and when you would like to do your internship.
